What is the Platinum Jubilee?

The Platinum Jubilee is the celebration of Her Majesty's seventy years as the Queen of the United Kingdom. Having acceded to the throne on 6th February 1952 when Her Majesty was 25 years old, The Queen has ruled for longer than any other Monarch in British history, becoming a much loved and respected figure across the globe.

Throughout 2022, Her Majesty Queen Elizabeth II and members of the Royal Family will travel around the country to undertake a variety of engagements to mark this historic occasion culminating with the focal point of the Platinum Jubilee Weekend in June.

The United Kingdom will commemorate the 70th anniversary of Her Majesty's coronation with an extended Bank Holiday from Thursday 2nd June to Sunday 5th June. This will provide an opportunity for communities and people throughout the United Kingdom to come together to celebrate the historic milestone.

The four days of celebrations will include public events and community activities, as well as national moments of reflection on The Queen's 70 years of service.
